The Quest of Gate City High School

"On every side of us are men who hunt perpetually for their personal Northwest Passage, too often sacrificing health, strength, and life itself to the search; and who shall say they are not happier in their vain but hopeful QUEST than wiser, duller folks who sit at home, venturing nothing and, with sour laughs, deriding the seekers?"

—Kenneth Roberts

Most of us are only partially aware of the dimensions of our quest for a distinctive Northwest Passage. During the course of our high school period the quest develops into a primary objective. At Gate City High School the search for self-discovery exists in an academic atmosphere which demands endless sacrifices. Yet only through commitment and personal involvement can we hope to understand ourselves and the world. None of us completely succeeds in his quest, but the insight and experience that is gained in the attempt render the academic atmosphere as a happy one.

MINISTRATION

Mr. James M. Olinger, Jr., Principal

I am delighted and challenged by this opportunity to thank the Annual Staff for a task well done. The work of the Staff represents in a small way the pattern of the entire program at Gate City High School. They have grown, produced, and learned because they were permitted to set their own goals and because they have had a wide range of freedom of choice in the completion of the finished product.

It is a great feeling to act as a consultant and a resource to a group of young people who want to grow, to emerge, and to be trusted. He serves best who is direct, real, open, spontaneous, permissive, emotional and personal.

Each member of the staff has performed to such a degree that group strength has been very evident. The growing, developing adolescent must be given a gradual introduction to freedom and responsibility. Any abrupt confrontation with these two areas of behavior will produce only confusion. Though there are times when students may embarrass faculty and administration with decisions, it is the price we must pay for a strong democracy.

On behalf of the annual staff, it has been an honor to serve the body of Gate City High School during nineteen hundred, sixty-eight. The staff is grateful to the students, the faculty, and all other members of the body for the cooperation which is vital for the publication of every yearbook.

We have attempted in this yearbook to tell a story about Gate City High School and its people as they perform from day to day to make the school the united enterprise that it is. In order to accomplish our objective, we have made changes in the *Blue Devil* '68. We hope you will appreciate these changes and enjoy this, your *Blue Devil* '68.

One of the most thrilling and memorable events at Gate City High School each year is Homecoming. With the Devil victory of 32-6, the Homecoming football game was complete.

There was much hard work, though, and anticipation the week before Homecoming. The band practiced diligently to present a special half-time program. The students worked very hard to make their floats especially grand. The student body also had an enthusiastic Homecoming pep rally in preparation for the game.

Blue Devil Staff

The *Blue Devil* is the annual publication of Gate City High School and is published by Taylor Publishing Company of Dallas, Texas.

The staff of the 1968 *Blue Devil* began its work April 15, 1967, when five members attended a workshop at Virginia Intermont. In addition, seven of the staff were in residence at Milligan College for a workshop in August. Not only did the staff prepare itself for its task, but each member has worked long and hard with only one purpose in mind: to present to the students of Gate City High School a book that will be cherished always and one that clearly portrays the days that will be long remembered.

"But I was only looking."

Devil Dateline Staff

The purpose of the *Devil Dateline* is to present to the school a wide variety of subjects which appeals to the entire student body. Hard work goes into the production of a school paper. It requires the united effort of, not only the paper staff, but the students as well. Co-operation is essential; ability is a must. We believe that the Devil Dateline Staff has met the above requirements and has given us a paper of which we can be truly proud. Congratulations are extended to the entire staff, and special thanks go to the sponsors and the editors for a job well-done.

With 'Stallion' Stopped, Baker Steals The Thunder

By BILL LANE
Times-News Sports Editor

It was billed as the biggest drawing card ever for a Lonesome Pine District sporting event. And it turned out to be just that.

For the Gate City-Appalachia football game Friday night, fans from all over Southwest Virginia and the Kingsport area were there. Unofficial estimates of the crowd — largest in history for an LPD game — ranged from 8,500 to 10,000.

The frenzied, roaring spectators got to see what they came for — the heralded showdown between two star fullbacks, Gate City's Jeff Baker and Appalachia's Edward Clark.

Baker with 86, and Clark went into the exciting battle just two points apart in the LPD scoring race. After it was over, Baker had 105 and Clark 84, the same the Appy "wild stallion" had when the game started. Baker outrushed him 130 yards to 65, just about a reversal of their 1966 clash, won by Appy, 14-7.

Gate City has come up with another hustling team under the watchful eye of Coach John Vicars in this 1967-68 season. In 1966-67 season the Blue Devils went for 23 victories before being beaten at the regional tournaments by Martinsville. This year the "Blue Devils" have so far played six games losing only one game to the Vikings of Powell Valley. The "Blue Devils" are determined for another try at Blacksburg this year. Go Big Blue!

A CREED FOR YOUNG AMERICA

"I do not choose to be a common man. It is my right to be uncommon. I seek opportunity to develop whatever talents God gave me--not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any earthly master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act myself, enjoy the benefit of my creations and to face the world boldly and say--'This, with God's help, I have done.' All this is what it means to be an American."

OVER 63 YEARS OF SERVICE

Phone: 386-3691

Gate City, Virginia

In forty-six years, Eastman in Kingsport has grown from a small group of determined men to an industrial force of over 13,000 people. The company's continuing growth is due, in no small measure, to the loyal and dedicated efforts of these men and women.

George Eastman once said "What we do during our working hours determines what we have; what we do in our leisure hours determines what we are." These 13,000 Eastman people and their families, joining with their neighbors in the civic, religious, governmental and recreational activities of their communities have made a better place in which to live. Doing their share in their leisure hours has, indeed, determined what they are—and helped make their communities what they are.

TENNESSEE EAST

The Company is proud of the contribution Eastman people have made to the progress of their communities. By growing and prospering, Eastman makes a contribution to the economy of the area. Through wages, salaries and benefits paid, materials purchased, taxes, and transportation costs paid in Kingsport, Eastman's contribution to the area's economy has grown steadily through the years. For the year 1966, this contribution exceeded \$146,000,000.

Paid to and for the benefit of Eastman employees in Tennessee only	\$ 93,772,000
Freight and express paid by Eastman in Kingsport	\$ 14,705,000
Materials and services purchased from firms in Tennessee (including coal from Virginia and Kentucky)	\$ 36,648,000
Taxes paid by Eastman in Tennessee (exclusive of Federal taxes)	\$ 6,417,000
	<hr/> \$151,542,000
Less products sold to Tennessee customers	\$ 4,718,000
Trade balance to Tennessee and Kingsport area	<hr/> \$146,824,000

The figures shown here do not include wage and salary payments made to Holston Defense Corporation employees, nor the materials and services purchased by that organization. Holston Army Ammunition Plant is a government installation which HDC, an Eastman organization, operates under contract. Its operation also adds materially to the economy of the area.

The nineteen hundred sixty-eight quest of Gate City High School has found its conclusion. Although some individuals have moved nearer to their Northwest Passages than others during the year, the quest has not been totally fruitless for anyone. This conclusion has marked the completion of the high school career of a number of students. As a result of their rewarding high school quest, these people are able to continue their search for a personal Northwest Passage as more wholesome individuals throughout their lives.
